

Our Modules

Designed as a stand-alone education suite or complement to a school's Management Information System. Choose from the following five modules.

1. Performance Analysis

A powerful data analytics tool designed to drive school improvement. Use data effectively to unlock barriers to learning.

2. My Class

Manage seating plans, view student data, assign home learning tasks, record actions and log behaviour events.

3. Behaviour

Track, manage and reward student conduct. Identify trends and use the data to make meaningful interventions.

4. Home Learning

Track and manage students' work. Have full control and insight into your school's virtual learning.

5. StudentVue

A complete parent and student engagement solution for your school.

Available 24/7 from any internet-enabled device anywhere
